

Boston April 14<sup>th</sup> 1868

Mrs Lane

I have read your communication of the 11<sup>th</sup> this day, and will say I will engage to take your two rooms and occupy them for 10 weeks at 4<sup>00</sup> per week. I can engage very good rooms at the price you name and not engage for any time. The reason I do not wish to give any more than named we may be away from them part of the time as we generally visit in Barnstable Co. once during the summer and of course we may be away sometime during our residence with you. You will please state to me if you consider your rooms engaged to me, some time within a week

Respectfully Yours
